

NEW CLUES FOUND IN CELEBRATED KY. MURDER CASE

Officials of Harlan County Believe They Have New Clues in Brutal Murder of Pine Mountain School Teacher.

A Harlan Kentucky dispatch says: Harlan county officials are working on several clues in connection with the murder of Miss Lura Parsons, Pine Mountain school teacher, it was learned here today.

Just what these clues are, Sheriff J. H. Powers today refused to state, saying that his office had been working on the case for some time but had been endeavoring to keep their work secret.

Reports emanating from Frankfort that two men had been arrested in connection with the case and that another man was being sought in Tennessee were denied by the sheriff, who said: "There is nothing to that."

A report credited to John Brandley, a former convict, that a bloody shirt had been found near the scene of the crime on Pine Mountain and that the stains were being analyzed by chemists, was denied by the sheriff who said when asked if this was one of the clues: "It is nothing like that."

Miss Lura Parsons was killed in September, 1920, while en route across Pine Mountain on foot from the railroad to the Pine Mountain settlement school. The scene of the killing was a short distance from the Pine Mountain convict road camp.

Dr. H. C. Winnes, a member of the staff of state veterinarians, who had been sent to the school to test its dairy herd for tuberculosis, started across the mountain on mule back shortly after Miss Parsons. He became lost on the mountain trail and later was arrested on a charge of having committed crime. After a trial lasting two weeks the jury failed to agree but stood 11 to 1 for acquittal. When the case was called for trial a second time, Commonwealth's Attorney J. G. Forester, now circuit judge for this district, dismissed the case and spread on the record a statement that Dr. Winnes should have been acquitted.

Suspicion was directed at times against a convict who was attending to an air pump near the scene of the crime but he has stoutly denied the crime and an alibi was established for him at the Winnes trial.

WOMAN'S CLUB LECTURE ON FRIDAY EVENING

A lecture under the auspices of the Mason County Women's Club will be given Friday evening, April 28th at 7:45 p. m. in the Sunday school room of the First Presbyterian church. The lecture will be by Prof. E. F. Pauquhar, of the Department of Literature of the University of Kentucky, of Ibsen's "Lady From the Sea." This lecture was planned for several weeks ago but Prof. Pauquhar was prevented from visiting Maysville at that time. The general public is invited to attend.

NOTICE ODD FELLOWS.

Regular weekly meeting of Ring gold Lodge, No. 27, I. O. O. F., will be held Wednesday evening at Odd Fellows Temple. All members are urged to attend and visitors will be made welcome.

RADIO MAY CONNECT ALL OHIO RIVER DAMS

Chief U. S. Engineer May Experiment With the Use of Wireless in Connecting Dams in This District.

Ever since their construction communication between the various Ohio River locks and dams and between them and the directing headquarters in the Government Building in Cincinnati has been difficult and unsatisfactory.

The Government has contemplated the establishment of a telephone system or an arrangement with the various local lines for better service.

The development of the wireless telephone offers distinct promise of a solution of the difficulty and Colonel E. N. Johnston, United States Army Engineer, in charge of the First Cincinnati district plans to equip a number of the dams with receiving sets.

If the experiment works out satisfactorily the system will be elaborated and it is possible that a line of river communication will be established which will have commercial as well as an administrative value.

The management of several boat lines have asked experts to advise them on the subject, as the Government barge line boats on the Mississippi and Warrior Rivers are equipped with wireless and the communication it affords has proved of vital importance in emergencies.

GREAT CROWD WILL ATTEND CENTENNIAL FROM THIS COUNTY

Steamer Homer Smith Is Expected to Carry Very Large Crowd of Local People to Point Pleasant Thursday for Big Meet.

It is expected that a very large number of Maysville and Mason county people will attend the Grant Centennial celebration at Point Pleasant, Ohio, Thursday, making the trip from Maysville to the birthplace of the former General and President on the big excursion steamer Homer Smith.

The schedule provides that the Smith will leave the local harbor promptly at 5 o'clock Thursday morning making stops at all way points between Manchester and Point Pleasant. The steamer will unload its up-river crowd at Point Pleasant and then go on to Cincinnati to bring up a crowd.

After the celebration the Smith will take its Cincinnati crowd back to the Queen City and then return to Point Pleasant to pick up its up-river crowd.

The chief attraction at the Grant celebration will be the address by President Warren G. Harding. Other dignitaries will be on hand to make addresses including Governor Davis, of Ohio, the Ohio Senators and several Congressmen as well as Major Grant, grandson of the former President.

Already a large number of tickets have been purchased here for the trip and others who intend to go should secure their tickets at once. Special rates are made to school children but no special rates will be given at the boat.

UNIFORM CONTRACT IS AWARDED BY BAND.

The Board of Directors of the Maysville Boys' Band met Tuesday afternoon at the Bank of Maysville and opened bids for new uniforms for the Horseshoe Band. The contract was awarded to the Minces Underselling store. The uniforms will be blue sailing suits similar to the uniform used by Sousa's band several years ago.

JEFF MANNING ARRESTED.

Jeff Manning was arrested Monday at Morehead by the sheriff of Rowan county on a bench warrant from the county of Lewis, on the indictment charging him with the killing of one Horsley, about a year ago. Manning was brought here Tuesday by Deputy Sheriff W. P. Saunders and he gave bond to answer the charge in the Lewis Circuit Court—Fleming Gazette.

"CONQUEST OF CANAAN" IS PLEASING PICTURE

Feature Picture at the Washington and Gem Audiences—Is Repeated Again Today.

"The Conquest of Canaan, feature picture at the Washington and Gem Theaters yesterday, greatly pleased and is repeated today.

In the town of Canaan and its suburbs lived two factions—one eminent, respectable, led by Judge Martin Pike, the other quite the opposite, represented by Joe Louden. Brought up with the corrupt political ring of Beaver Beach, Joe defied the conventions of Canaan and was regarded as an irreclaimable outcast. Ariel Tabor, the village tomboy, shared Joe's fate and like him she is the laughing stock of the town.

Mamie Pike, daughter of the stern Judge, would have liked to play with Ariel and Joe, but the rules of her set forbade this. Gene Louden, Joe's half-brother, loves Mamie, but makes little progress with her. Joe's manly figure has impressed Ariel and she lingers in thought over him. One day her uncle, leaving her an ample fortune, she goes to Paris to study and her last word to Joe was "to make good in spite of them." Joe decides to make good and going to the next town, he begins the study of law when necessity does not compel him to work in a restaurant.

Years pass. Joe has been admitted to the bar and opened an office in Canaan where he protects his ignorant friends at the Beach who are constantly in litigation. One day Ariel returns from abroad, beautiful and fashionably dressed. Joe watches the public reception in her honor, and his hesitation to speak to her prompts her to go to him and press some flowers in his hand. About this time, Happy Farley, driven to desperation by his flirtations wife, slays Nashville Cory.

MR. KEVIN BURIED HERE THIS AFTERNOON.

The funeral of Mr. Thomas Kevin, Aberdeen shoe merchant who died suddenly Monday, was held from the Aberdeen Methodist church Wednesday afternoon at 1 o'clock and burial was made in the Maysville cemetery. The funeral was in charge of the Aberdeen lodge of Masons.

WEATHER CLOSED UP CARNIVAL TUESDAY.

The big Veal Brothers' Carnival which is held forth at the Forest avenue race track was drowned out Tuesday evening. So bad was the evening that the carnival attractions were not opened. If the weather is suitable the big carnival will be in full blast again tonight.

EXAMINATIONS OF SCHOOL TEACHERS TO BE HELD IN MAY

Superintendent Colvin in Communication to Superintendents Says That Standards Must Be Maintained in Kentucky.

Frankfort, Ky., April 26.—Large attendance is expected at the teachers' examinations May 19 and 20 and June 16 and 17.

Inquiries are pouring into the Department of Education about them, as the June examination will be the last before the law goes into effect requiring one year of high school and six weeks' normal training.

Three years successful experience is held by one year of high school and normal credits may be obtained by attending summer school, normal or any of the recognized teacher training colleges. Examinations also will be held July 23 and 29 and September 15 and 16.

In a circular letter to county superintendents, George Colvin, State Superintendent, reminded them today that it is a misdemeanor to certify falsely the residence of an applicant. All must take the examinations in their home counties, no one whose certificate does not expire during the year must be permitted to take the examination and applicants less than 18 years old are barred.

Standards have been adopted by the Executive Council of the two state normal schools which apply to all institutions permitted to certificate their students. Mr. Colvin said the standards will be strictly maintained.

NOTICE VETERANS.

All veterans of the Civil War who will make the trip Thursday to Point Pleasant to attend the centennial of the birth of their Commander General U. S. Grant and to hear President Warren G. Harding's address are asked to meet at Russell's corner at Third and Market streets at 4:30 Thursday morning. The steamer leaves the local wharf promptly at 5 o'clock.

FLEMING COUNTY CHILD DIES FROM BAD BURNS

Three-Year-Old Son of Mr. and Mrs. Oscar Helphenshtine Is Burned so Badly He Died in Short Time.

The three-year-old son of Mr. and Mrs. Oscar Helphenshtine, residents of the Goddard neighborhood in Fleming county was burned so badly a few days ago that he died within two hours of the burns.

The mother was busily engaged doing the week's ironing when screams from her little son in an adjoining room attracted her attention and she ran to him. The mother found her little son enveloped in flames, his clothes having caught from an open fireplace. She endeavored to extinguish the flames but was unable to do so and called to her husband, who was working in the garden adjoining the house.

Rushing in Mr. Helphenshtine carried the little boy, whose body was then afire, to the outside of the house and dipped the lad into the rain barrel extinguishing the flames but he was too late. The little boy died within two hours of the accident.

Rev. S. K. Hunt, Superintendent of the Ashland District of the M. E. church will preach at the Seddens M. E. church on Forest avenue Friday at 7:30. Communion will be administered. Preparatory service Wednesday and Thursday evenings at 7:45 p. m. E. V. COLE, Pastor.

TOKIO VISITED BY EARTHQUAKE YESTERDAY; SEVERAL DIE

Earthquake Doing Considerable Damage in Japan's Capital Follows Eruption of Volcano On Tuesday.

Tokio, April 26.—A heavy earth shock, centering in Tokio, occurred at 10:15 o'clock this morning. Great damage was done to buildings and their contents.

Several persons were killed, none of them being Americans or Europeans.

The earthquake was one of the most severe experienced here in a long period. Officials stated it lasted 15 minutes, the longest in years.

The American embassy was slightly damaged and many of the exhibits at the peace exhibition were broken. Yokohama was as severely shaken as Tokio, and the Chinese quarter in Yokohama was virtually destroyed and the waterworks disrupted.

The earthquake was preceded by an eruption yesterday of Mount Asama-Yama, 90 miles northwest of Tokio, which broke out with a loud report, pouring forth volumes of ash, stones and smoke. No serious damage was caused by the eruption.

OUR POLIOY:

And likewise to earnestly and consistently oppose all things that are not for the good of the county as a whole.

NO PLACE FOR AMERICA

"Farsightedness in American diplomacy was never more impressively illustrated than in the refusal of President Harding to send a representative of the United States to the Genoa Conference," says the Republican Publicity Association. "It will be remembered that as a principal reason for not sending a delegate President Harding declared that the conference was to be political and not economic. In pursuance of the traditional policy of the United States of not engaging in European political entanglements he held that the people of this country desired no representation at the Genoa Conference.

"Scarcely had the conference organized before this statement of President Harding was fully proven to be absolutely accurate. Like a thunderbolt from a clear sky came the disclosure of a treaty between Soviet Russia and Germany, political in its purpose and apparently designed to make trouble for all the other nations participating in the conference. According to all press reports, delegates from the other principal nations were erstunned by the disclosure and doubts are expressed whether it will be possible to accomplish anything whatever at subsequent deliberations.

"Whatever may be the outcome of the situation presented by the agreement entered into by Germany and Russia, it is readily to be seen that the United States has no proper place in the Genoa conference. Undoubtedly the problems of Europe need solution. Certain it is that there can be no great progress or reconstruction in Central and Eastern Europe until there has been reached a basis of understanding which will insure each of the nations against aggression by the others and permit them to disband their military organizations, discontinue their military expenditures and concentrate their resources upon restoration of the industries of peace. This international assurance is primarily a political problem that must be worked out by the spokesmen of the different governments directly concerned. Only in a very remote degree is the United States interested in the political relationships between the different nations of Europe. Its interest is not so direct as to justify this country in becoming a party to the negotiations or agreements by which European differences are settled.

"This country stands ready now, as it always has, to give friendly assistance to other nations in the settlement of their differences, if they see fit, by mutual consent, to ask for such assistance and receive it in a friendly way. If the United States were represented at Genoa it would be a party to every controversy and would find itself arrayed against one group or another and arousing antagonisms which would make it impossible to be a factor in the promotion of peace. The quarrels are not ours, and however much we might desire to see them ended in order that prosperity and happiness may be restored in Europe, there is no possibility of our being able to assist by becoming a party. Our first duty is to put our own house thoroughly in order and thus by our example show other nations what they might well do themselves, and stand ready, if invited, to assist in compromising or otherwise ending differences in which we have no personal interest and which we could, therefore, assist in adjudicating with unprejudiced minds. There is no likelihood whatever that the United States will officially volunteer suggestions. Neither will it refuse, if requested, to aid in the role of an impartial and well-wishing friend to all concerned."

TOBACCO BUGS INCREASE DURING PAST TWO YEARS.

Lexington, Ky. — Tobacco flea beetles have been increasing rapidly in Kentucky during the past two years according to H. H. Jewett, entomologist at the Kentucky Agricultural Experiment Station. The amount of damage which they do this year will depend largely upon how they have come through the winter in various sections of the state, he said. The insects are recognized as one of the worst pests that trouble tobacco growers.

"Spraying tobacco plants with arsenate of lead at the rate of one pound of paste to ten gallons of water or with the powder at the rate of one pound to 20 gallons of water has been found to be a successful method of destroying the insects. They also may be controlled by dusting the plants with a mixture of one pound of powdered arsenate of lead and four pounds of sifted wood ashes, care being taken to see that this mixture is properly prepared.

"An additional measure of protection to plants in the field may be obtained by dipping them at transplanting time in a solution of arsenate of lead made of one pound of paste or one-half pound of the powder and five gallons of water. The solution is stirred frequently with a paddle during the dipping. This method of control gives best results when the plants are arranged in small bunches and only the leaves dipped in the solution and then given a slight shake to remove excess moisture."

Adults of the beetle appear early in the spring and collect on plants in the beds until transplanting time when they move to plants set in the field. Injury by the insect is characterized by small round or irregular punctures of the leaf. The surface and more or less complete destruction of the leaf. The adults feed principally on the under side of the leaf, preferring those near the ground, while the larvae feed on the fine rootlets and are capable of doing considerable damage.

LEXINGTON CONTRACTOR TAKES POISON AND DIES.

Lexington, Ky., April 23. — William Flynn, stone contractor, ended his life by swallowing poison tonight at his home here. Flynn, who was 49 years old, handed an empty bottle to his sister, Mrs. Mary Riley, telling her he had swallowed the contents. He died a few minutes later. First to establish the \$10.90 price—"Usco"

THE makers of U. S. Tires made this announcement last November—

"Hereafter the price of the 30 x 3 1/2 'Usco' is \$10.90." The lowest price ever quoted on a tire of quality reputation and standard performance.

And now, with the opening of Spring, there seem to be quite a number of "New and Special tires" coming into the market in the \$10.90 price range.

Perhaps you are wondering just what there can be either "new" or "special" about these tires.

It can't be the \$10.90 price—"Usco" established that five months ago.

Nor quality reputation and standard performance—for it takes more than one full season for any new tire to demonstrate where it stands in quality and value.

With so many tires rushing into this \$10.90 price

field (now that the season promises business from the American car-owner), it is worth remembering that "Usco" showed its good faith by announcing this price last fall.

The same intent to serve that has made "Usco" a standard value for years.

The "Usco" Tire was never better than it is today—with its established quality, its time-tested performance, and its price closely figured in tune with the times.

New York Letter

by Lucy Jeannie Price

New York.—It is a romantic world, after all—once in a while. And telephone operators in New York hotels are expecting it around every corner these days. Hasn't it just proved itself on one of their colleagues? Six weeks ago a wealthy young Mexican arrived here on business and took an expensive suite at a hotel. A few hours later he was knocked over by an automobile and broke a leg. He insisted on being taken to his hotel. He was confined to his room for five weeks. As soon as he was able he began to carry on his business affairs by telephone. He discovered that an efficient person with an almost amazingly sweet voice was attending to his calls. By the end of two weeks the invalid and the voice were on very friendly terms. When he was at last able to leave his room, he told his brother that he wanted to go first down to the telephone switchboard. "I want to see the girl there," he explained. "Oh by the way, I am going to marry her." "Great heavens, what's she like?" the brother asked. "I haven't seen her yet, but we've fixed it all over the phone." And now the couple have left for Mexico City.

We have been returning to earth, figuratively, to get back something of our youth, for a good many years. That's what we do when we take up golf or go picnicking. But now we are doing it quite literally, indeed. Mud masks are the latest thing in the youth and beauty-bringing line. The New York women who discover a new wrinkle in her face doesn't worry about it these days. She trots herself off to her favorite beauty-doctor, if her favorite happens to be exceedingly up-to-date, and has "mud" put upon it. It isn't quite the kind of mud that you dig out of the garden, but it is a real, natural mud, just the same, and the youth-seekers declare it does the work. "I have known the values to a woman's face of certain kinds of clay for a long time," said M. Kelton Gibson, whose spin tonic is known all over the world and who is one of the experts among the city's skin specialists in the use of "mud masks." "But we had to convert the women to it gradually. Now they throng our shops to have it applied. And does it work? Look at those who have used it for a month or so and decide." Miss Gibson's laboratory and parlor at 185 Madison avenue, are being devoted as much to "clay" these days as to creams and lotions. After all, beauty and youth ARE important.

American plays are going to London in at least as great numbers as English plays have been coming over here in the past. When A. H. Woods sailed the other day, he is said to have taken with him twenty-four manuscripts of plays, which have already been produced here and which he will place there. "I will sell them in London to pay the expenses of my trip, at any rate," he said.

Police attached to an uptown station are full-fledged members of the Order of Goat, following a raid the other night on a crap game at 2660 East 151st street. The goat stood guard over the room and became active when the patrolmen entered. He scored a quick and easy victory over the two cops, but a telephone call brought reserves with ropes, and the goat and twelve gamblers were brought to the station.

Nowhere in the city has the radio craze taken hold of the population as it has down on the lower East Side, in the foreign district. They are radio mad down there. The very clotheslines are being moved from the tops of tenements to make room for the aerials. At last America has come within the reach of the immigrant—an America that is sociable and pleasant. And noisy! Most of the instruments have amplifiers, and they are run full tilt, neck and neck against the radio across the court or in the flat upstairs. Neighbors who get tired of hearing them

Just as Scores of Maysville People Have.

Waiting doesn't pay. If you neglect kidney backache, urinary troubles often follow. Doan's Kidney Pills are for kidney backache, and for other kidney ills. Ask your neighbor.

Maysville citizens endorse them. Ben P. Fleming, country Constable, 228 Limestone street, Maysville, says: "I have used Doan's Kidney Pills off and on for several years when I have needed them. I always get Doan's at Wood & Son's drug store. I have been greatly benefited by them. At times my kidneys get out of order and I suffer with a dull constant ache through the small of my back and the kidney secretions are irregular in passage. A box or so of Doan's have never failed to relieve the trouble in a short time."

The above statement was given November 14, 1916, and on November 22, 1920, Mr. Fleming added: "I am glad to renew the statement I gave for publication some years ago as for Doan's Kidney Pills made for me is still permanent. I confirm my former statement in every detail as it was all true." Price 60c., at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Fleming had. TELEPHONE MAN STABBED AT RICHMOND STREET CARNIVAL.

Richmond.—1011e Brown, telephone foreman, is in the hospital with a stab wound in the left side which surgeons fear penetrated the lung. Jesse Cain is charged with the stabbing, which took place at a street carnival. Brown was throwing at the doll rack and a dispute came up as to whether or not he had made a bet with Cain, it is said.

CITY'S PEDDLER'S LICENSE LAW MAY BE CONTESTED

Cincinnati Attorneys Here Looking Into Recent Finding of Young Cincinnati for Peddling Without a License.

It appeared Wednesday that the city's ordinance requiring a license of twenty-five dollars a day for peddling, would be attacked and its constitutionality fought out in the courts. Attorneys representing a young Cincinnati man fined in the local police court a few weeks ago for failing to obtain one of the twenty-five dollar licenses before delivering enlarged photographs, arrived here Wednesday afternoon and obtained copies of the warrant in police court and copies of the city ordinance under which the fine was assessed by Judge Curran. There has been much contention on this ordinance, many holding that the ordinance was in direct conflict with holdings of the United States Supreme Court. Once the case under this ordinance is appealed to Circuit Court and it is dismissed by the higher court because the city did not attempt to defend the ordinance.

NEW CLEW IN TAYLOR MURDER.

San Francisco, April 26. — "Valuable information" with regard to the mystery murder at Los Angeles of William D. Taylor, motion picture director, has been obtained from Honore A. Conette, newspaperman, J. A. Wynne, Los Angeles detective, said today. The original plan for Conette to go to Los Angeles last night to be questioned personally by Thomas Lee Woolwine district attorney, was changed at the last moment. Conette remained in San Francisco today, under an agreement to go to Los Angeles immediately should authorities so request.
